## THE TEXT

It is easy to have good relationships with people but it is difficult to choose good friends.

Rahul is my best friend. He is from Argentina. He has long hair and green eyes. We have quite different opinions and interests but we get on well together. He is very helpful. He always lends me a hand when I have a problem. All the teachers admire him because he is intelligent and confident. I admit that I sometimes feel jealous of him because he is excellent at all subjects.

Yesterday, I was enjoying the sunshine in my balcony when I saw Rahul standing at the door. I hurried towards him happily. Suddenly, I became pale when he started speaking: « We'll fly to Argentina next week. Yesterday, dad signed an important business contract there. Don't be sad, Martin. You'll always be in my heart dear friend. I'll keep in touch with you. » Said, Rahul. I was shocked. I still remember myself crying: « I hate you Rahul ! You're not a true friend ! How can you leave me alone ? »
