THE TEXT :

Once upon a time, on the other side of the world, in a place where the sun shone all the year long and where the trees were a hundred- feet tall, there was a country called the Wonder Land. Mr Happy, a strong and nice-looking man lived there. He lived in a small castle opposite a lake at the bottom of an ever green mountain close to a big wood.

One day, while Mr Happy walked through the tall trees in those woods near his house, he saw a strange creature: a little man who was about 10 cm tall with tiny shining eyes and relatively big ears wearing brown clothes. Mr Happy could hardly believe his eyes. He was very astonished. He was unable to speak or to move. He had never seen such a little thing before. Suddenly, the creature started moving quickly and walked towards him. Then, he stopped and disappeared inside the trunk of a big tree. He realized then, that it was a little dwarf.

A dwarf = a very small man with magic powers.
