Full-Term Test N°2 Computer Science

Teacher: Mrs.
BEN MIMOUNA Sana
Date : 23 - 02 - 2022

Name :

First name :

S.Y : 2021-2022

Class : 7P
Group : ...

Nowadays everybody uses social media and spend lot of time in front of their phones or Pcs

So, you decide to create a presentation with MS-Power Point to explain Social media threats

...../20

Let's START

1. Launch MS-Power Point, then save your presentation in C:\Collect-test with your full name and class

1 pt

All the pictures of the test exist in C:\Test-pictures

2. Respecting **the model in the page2**: create your presentation following these instructions:

➤ **Layout of the 4 slides**

1.5pt

Slide1: Title only → to type the title there

Slides 2 and 4: Blank layout

Slide3: Title and content

➤ **Design of the slides**

2.5 pt

Slides 1 and 4: Background (like the model)

Slide 2 and 3: Two different designs from your choice

4 pt

- **Insert all the necessary pictures and shapes** in the slides

1

2

3

4

Apply Entrance animation from your choice respecting this order:

❖ Slide1:

- Your name appears on click

1 pt

❖ Slide2:

- The 3 shapes appear automatically at the same time
- Then, the 2 pictures appear automatically one by one

5 pt

❖ Slide3:

- All the text (Title and text) appears on click
- Then the picture appears automatically

3 pt

2 pt

3. Apply Transition from your choice for all your slides.

Don't forget to save the modifications of your presentation

Good LUCK!
