Nabeul,
le 15/05/02.

Chère amie Sourour.

Dimanche dernier, j'ai visité la Cité des sciences de Tunis avec mes parents. J'ai vu les mouvements des planètes et les tableaux préhistoriques. Je suis montée sur le fauteuil multi-axial.

C'est génial ! J'ai vu un film sur le premier voyage à la lune.

Mon père et moi, sommes entrés dans la cabine de pilotage : C'est extraordinaire !

Je me plais beaucoup.

L'informatique est vraiment super !

Et toi, la science-fiction te passionne-t-elle toujours ?

Je t'encourage à visiter la Cité de Sciences à Tunis.

Parle-moi dans ta prochaine lettre de tes projets pour les vacances.

En t'attendant, je t'embrasse très fort.

Ton amie :

Nadia
